

Spy-Fu Out of Beta

SpyFu Going Subscription

One of the best free keyword research tools available is out of beta. SpyFu, which used to be free will now cost you. Fact is, this thing is so powerful, I'm surprised it was free for so long. I used it regularly to do quick research for niches or check out competition on Adwords.

Because I have been a beta tester for some time, they have given me 3 discount codes to give away. If you are interested in purchasing, let me know and you can get a 50% discount (if you are one of the first three).

Although it's a loss, I will still rely on my good ol' standard for research - Keyword Elite. It just doesn't get any better than that.
